

# THE EVENING WORLD'S RADIO PHONE SERVICE COLUMN.

**By Capt. Robt. Scofield Wood**  
(U. S. C. M. C. Croix de Guerre  
with four palms; formerly Command-  
er 167th Squadron, Royal Air Force.)  
THE EVENING WORLD RADIO  
CLUB.

The Evening World has formed a radio club through whose medium every radio fan will have an opportunity of exchanging ideas for the betterment of the service. It also affords the enthusiasts an opportunity of getting together to discuss national problems and take some concerted action for their protection and recognition. A series of lectures will be arranged for broadcasting by the foremost radio engineers in the world, which will prove invaluable to all interested amateurs. This club gives the amateur an opportunity of discussing every problem that is of interest in the radio field. And of having their problems solved by the best minds in the fraternity.

Every radio fan who has a set, whether sending or receiving, has at some time or other found some little "trouble" that has helped him to better his reception or transmission. He undoubtedly has told some of his "brothers in affliction" of his discovery and they, too, have profited by his suggestions. There are thousands who encounter the same troubles daily and are at a loss to know what to do to overcome them. The Evening World has arranged for all interested parties to meet through the columns of its Radio Department and find the answers to their radio troubles. Communities have troubles that are purely distinctive to the locality. Some members have found a way to overcome these handicaps and are enjoying, unmolested, the great service of Radio Land. While a radio neighbor is suffering because he has no way of knowing how another brother has overcome the obstacles. The club will have the members who have successfully "cut out" the local troubles tell the less fortunate brother how it is done. Added to which the Radio Department will supplement some helpful advice for the guidance of all fans. Anybody is eligible for membership in The Evening World Radio Club and by filling in the form provided below and sending it to the Radio Editor will be duly placed on the roster of the club.

## W J Z (Newark) 360 Metres

Features for the day:  
Hourly news service and music.  
Every hour from 11 A. M. to 8 P. M.  
Agricultural reports, 12 M. and 6 P. M.  
Arlington official time, 11:55 to 12 M. and 9:52 to 10 P. M.  
Shipping news at 2:05 P. M.

Police reports of the City of Boston.  
"Trudy and Timothy's Washington's Birthday Party" bedtime story for the little folk, by Eunice Randall.  
"Mental Health," personal hygiene talk No. 6, by B. A. Welcome, Executive Secretary, Junior Department American Red Cross.

### CLUB NOTES.

Chelsea Radio Association.  
An illustrated radio lecture will be delivered by W. Cronkite, radio engineer at the Hudson Guild Club House, No. 436 West 27th Street, New York City, on Thursday night of this week to the members of the Chelsea Radio Association. An invitation is extended to the public and all wireless enthusiasts to attend this meeting and lecture.

### Questions and Answers.

P. Colarusso, Hudson N. Y.—Could you refer me to some good house handling radio equipment. Answer—Watch our advertising sections.  
G. E. L. Patchogue, L. I.—What kind of a set do I need to receive concerts from Chicago, Pittsburgh and Newark? Where can same be purchased and at what cost? What length single wire aerial is needed and how high must it be strung? I have a two-wire aerial one-half the length of a single one do just as well? What does it cost to maintain a set? Answer—You will need a regenerative receiver with two steps of amplification. This set can be purchased at any reliable store dealing in radio equipment. It will cost in the neighborhood of \$250. The aerial should be about 120 feet. See Monday's article on aerials. No. 2, two-wire aerial will not increase your reception. The cost of maintenance depends largely on the care taken in handling the apparatus. Under ordinary circumstances the only wearing parts are the batteries and vacuum tubes.  
Alvin Schlosser, West 100th Street, city—I have in my detector a naval tube used in commercial radio service. I would like to know if the house current would burn it out? Can I use a reducer for the house current in amateur tubes? Answer—I cannot answer your first question as you omitted the size, but advise you not to try the house current on six volt tubes. The storage battery is not expensive and will not endanger the expensive v.t's.

The Evening World will conduct a column devoted to the new Radio Phone Service and will answer questions concerning the service. Programmes of the different broadcasting stations will be printed in The Evening World. Address Radio Phone Editor, New York Evening World.

## New York Is Sending Stronger School Team To Chicago This Time

Eighteen Youngsters Leave To-Morrow for Meet, in Which They Hope to Retrieve Some of the Prestige They Lost Last Year.

By Robert Boyd.

WITH a much more powerful team than the one that was overwhelmed by the schoolboy skaters of Chicago a year ago, in Brooklyn, a squad of eighteen New York youngsters will entrain to-morrow for the Windy City in an attempt to recover some of the prestige lost by the schoolboy skaters of the East. This annual inter-city skating schoolboy classic was made possible by The Evening World bringing the two largest cities in the country together in a dual skating meet for the first time in the history of inter-school athletic events. It proved such a great success that Mayors Thompson and Hyland of the respective cities have worked diligently with the Public Schools Athletic League to have it added to the programme of the regular annual sporting events of schoolboy athletics.

As soundly trounced as the New Yorkers were by the brilliant Middle Westerners, ably coached by Roy McWhirter of international fame and led by Mayor William Hale Thompson, the Easterners were not discouraged. It was the first attempt that New York ever made to whip a team of skaters together to oppose the Chicagoans. They profited considerably in their defeat, for they emerged from the races schooled in the importance of the inside tricks of the game and the teamwork essential among the skaters. The failure of the Easterners to hold their feet in turning the corners was another shortcoming that helped bring about their defeat. But all this trouble has been remedied by Tom Howard, the famous Canadian hockey star, who has been coaching the New Yorkers. "You will see a great array of skaters representing New York this year," declared Howard. "One well versed and adapted to indoor skating and one that will prove troublesome especially in the 220 yard rink in which the races will be contested in Chicago."

The Middle Atlantic Skating Association have aided the P. S. A. L. authorities in developing the team. They have held sanctioned meets weekly, which schooled the boys in competition, a thing they sadly lacked a year ago. Only five of the skaters of last year's team will make the trip to Chicago. The rest are boys more developed by Coach Howard this winter. "If we did not lose some of the boys who competed last winter," said Dr. Aldinger, "we might have had a stronger team this year. Many of them were graduated and some left the schools."

The theory that any special physical type of boy makes a good skater is severely jolted after looking over the eighteen youngsters who will leave for Chicago to-morrow. Among the six elementary youngsters who will make the trip are little Raymond Murray and Raymond Kahn. Physically these two youngsters resemble each other. They both weigh about 100 pounds. They are short, boyish looking little fellows with apparently a powerful pair of skating legs, for the manner in which they circle the rink brings to mind a miniature Joe Moore or Bobby McLean. Both of these little fellows are from Public School No. 10.

Raymond Lyons of Public School No. 132 is a little heavier than either Murray or Kahn. He is a great deal more sturdy and gives promise of developing into a real star. Harry Goldberg of Public School No. 169 is built along the same lines as Lyons. Weighing 120 pounds, he is exceptionally strong for a youngster of his age. Among the six Public School No. 46, and Robert Damm of Public School No. 9 are the other two members of the elementary squad. Brown is a short, compact youngster who literally flies around the turns, while Damm is a tall, rangy athletic boy and a promising skater, according to Coach Howard.

Representing New York in the junior high school class will be Sylvester Cypress of George Washington High School, a slender built lad with considerable natural skating ability. He is looked upon as one who will cause the Windy City boys considerable trouble. W. J. Ury is a big awkward fellow, not so well versed in the finer points of skating, but one who will be dangerous all the way. Ury weighs 150 pounds.

## Sport News At a Glance

Emil Rosenast, star forward of the University of Pennsylvania basketball team, is out of the game owing to a fractured arm.  
Seven mid-Western universities and colleges agreed to the formation of a league to be known as the North Central Intercollegiate Conference.  
The Naval Academy first and second crews were out on the water for the first time this season.  
The Columbia basketball team will attempt to avenge its recent defeat at the hands of Dartmouth when those teams meet for a second clash to-night at the university gymnasium.  
C. L. Becker of Pinehurst, N. C., won the seniors' golf tournament with a gross score of 170 for the thirty-six holes of play.  
Two more veterans of the Detroit Tigers are listed among the holdouts. They are Pitcher Ehme and Third Baseman Bobby Jones.  
The McBurney School's basketball team defeated the De La Salle five by a score of 23 to 20.  
Arthur V. Shea, athletic director of Fordham Prep, put up a strong defense for his basketball team, which was criticized for the way it played the recent game with the Passaic High five.  
The 500-mile automobile race, which was to have been held at Los Angeles Wednesday, has been postponed until next Sunday.  
L. Paly defeated George Barton by a score of 100 to 82 in the Snooker Billiards Tournament, which is now current at Doyle's Academy.  
Nearly 300 variety, second crew and freshmen aspirants were out for drill on the machines and in the tank on the first day of crew practice at Harvard.  
Maurice Bracco, the sensational bike rider, has sent a wireless to the manager of the six-day bike race, to be run at the Garden, that he was on the Aquitania, en route to New York, to take part in the race.  
The intercollegiate swimming meet between the University of Pennsylvania and Columbia will be held at Philadelphia, March 14.  
The rumor that Capt. Eddie Mitchell of the University of Pennsylvania crew will be ineligible for competition this season has been affirmed by the crew coach.

## WHAT'S GOING ON IN BASKETBALL

The Brooklyn Dodgers hold the lead in the Metropolitan League race by one game. MacDowall was placed in second position by its defeat of Saturday night at the hands of the Powers Brothers quintet. However, that does not mean that the Dodgers will win the pennant. The MacDowalls have a very good chance of changing places with the Brooklyn team. The Brooklyn Dodgers and MacDowall Lyceum are quite a number of points ahead of the third team, the Knights of St. Anthony. Doubtless the final struggle will be between the Macs and the Dodgers.

Joe Brennan of the Brooklyn Dodgers still leads the league as individual high scorer, with a total of 166 points. Joe continued his good work over the week end by scoring seven baskets in two contests.

The Danbury Separates chalked up three victories last week. The fast little combination from uptown defeated the Olinville Separates, St. John's Lyceum and the Arancas A. C. Out of fifty-one games thus far this year the Danburys have won forty-one.

By defeating the strong senior team of the Borough Park Y. M. H. A., the Williamsburg Y. M. H. A. Seniors won the championship of the Brooklyn division of the Y. M. H. A. Metropolitan League. The league leaders finished up with seven victories and one defeat. On March 4 the Williamsburg team will meet the Washington Heights Y. M. H. A. league leaders of the New York and Westchester division, in the first of a series of games which will decide the championship holders of the league.

The Williamsburg team has in its line-up Dr. M. Weiner, formerly on Boy's High team; H. Schulman, star of Eastern District High; Aaron Schwartz, formerly of C. C. N. Y.; Joe Kurtzman of Poly Prep; G. Margulies and Al Goldstein of the Clark House.

On Wednesday afternoon at the Corrigan Casey Hall, the Corrigan Separates, who have finally emerged out of the slump, since they conquered their opponents of last Sunday, will be seen in action against the Flatbush Big Five.

Battery Park National Bank Five and the State Bank Five will meet next Sunday at Webster Hall in a contest which will determine the champions of the Bankers' League.

Ascension Aces are scheduled to tackle the fast quintet from Savage's Institute, the West End Post, V. F. W., on Wednesday evening at the Parish House. The Ascensions have been playing very consistently recently and their defeat of yesterday after such a hard battle was the first one in some time. The West Enders have been playing so well recently that a defeat would serve as a novelty to them. Both the Ascensions and the West End Post men represent first class combat boxes, and although the soldiers may be the favorites, the Aces are not to be taken lightly.

A match has been clinched between Bryan Downey, the Columbia middleweight, and Tommy Loughran of Philadelphia. They will battle eight rounds at the Ice Palace of Philadelphia on Feb. 28. In another eight-round bout, Rambo of Camden meets Harry "Battling" Leonard of New York in a return bout.

Willie Jackson, who fought Charley White at the Garden last night, matched after the bout to meet Joe Ben of Trenton in an eight-round go at the weekly boxing show of the National A. C. of Philadelphia on Saturday night.

George Marks, the fast little bantamweight of Los Angeles, will be seen in action at the Garden on March 13. He will go against Al Friedman of New York in one of the three eight-round bouts preliminary to the fifteen-round go between Harry Greb of Pittsburgh and Tom Gribbon of St. Paul.

A match has practically been arranged between Augie Ratner, the local middleweight, and Jack Malone, the crack middleweight of St. Paul. Frank Bagley has signed up for Ratner and it is expected that Malone will wire his acceptance. They will battle ten rounds at the Commercial A. C. of Boston.

Low Brody, who has scored thirteen knockouts in succession, will try to make it fourteen on Saturday night, as he goes against Al Boyle of New York in a twelve-round go at the Ridgewood Grove sporting club show. Willie Dancy meets H. O. Daly in another twelve-round go.

An important amateur boxing show will be staged under the auspices of the New York A. C. in its clubhouse next week. The preliminaries will be fought on the night of March 2 and the finals of the following night. The classes will be 110, 120, 130, and 150 pounds.

commens are well able to cope with them.

On Washington's Birthday Night the Tolentines travel to Villanova, Pa., to play the fast Villanova Prep. On Thursday of this week the Tolentines travel to Chestnut Hill, Pa., to meet the Consonation Quintet. The usual line-up will be used in the three games.

The Ascension Parish House has entered two teams in the Brooklyn Basketball League, lightweight division. The teams are the Montanas and the Mystics. Rev. Father Scullen of St. Francis Xavier's Church of

Brooklyn is acting as supervisor of the league, which has been organized with a view to promoting good sportsmanship among the various clubs. The Ascension Montanas have already defeated the Loughlin Crowns. The Ascension Mystics were conquered by the Aces by a score of 25 to 25. Jersey Whirlwinds lost to the Passaic Cases by the tally of 23 to 23. The Cases were strengthened by the three Powers brothers in their line-up, but the Whirlwinds offered a good fight to gain a victory. To date, the Whirlwinds have been defeated three times, while they have won fifteen games.

Pitts Extends Ward in Bout in Jersey City.

In a twelve-round bout at the Fourth Regiment Armory of Jersey City last night, George Ward, chiefly due to an advantage of several pounds in weight and in height and reach, outpointed Charlie Pitts, the clever Australian lightweight, who is forced to go out of his class because the topnotch lightweights refuse to meet him. The speedy Elizabeth Williams tried hard to put over a K. O. punch, but missed because of Pitts's clever ducking. There was not a dull moment during the bout and Pitts made a big hit by his aggressive-
